

STANDING UP FOR GUN OWNERS & PROTECTING OUR SECOND AMENDMENT

VIVEK 24

UNAPOLOGETICALLY DEFEND THE CONSTITUTION AND OUR 2ND AMENDMENT

I am an unapologetic supporter of the 2nd Amendment. It is the **first and last line of defense against tyranny** from internal and external threats. Tyrannical governments like China and Iran provide a valuable lesson: the key difference between talking about individual rights vs. securing individual rights is the 2nd Amendment. Our firearms protect all freedoms.

FIGHT EFFORTS TO WEAPONIZE SOCIAL CREDIT SCORE AGAINST LAW ABIDING GUN OWNERS

Social Credit Scores (SCSs) are used by Communist China to terrorize their political opponents. Now, US activists are pushing credit card companies and financial institutions to track and limit the purchase of firearms by lawful citizens using the same means. **I will end government policies that foster the growing “ESG” cancer in our economy that punishes Americans through the backdoor.**

RIP UP RED FLAG GUN LAWS

Red Flag Guns Laws (RFGL) are overbroad, ripe for abuse, and must be stopped. Today, rogue judges and bureaucrats weaponize them to menace their political opponents. **As President, I will use my federal powers to limit and remove existing RFGLs. If any states refuse to cooperate, I will halt federal funds until they comply.**

SHUT DOWN AND REPLACE THE BUREAU OF ALCOHOL, TOBACCO, FIREARMS AND EXPLOSIVES (ATF)

The ATF is an agency beyond repair. We will shut down and build from scratch a leaner, freer agency with a staff that supports the Constitution. **The ATF’s pursuit of gun owners who use pistol braces is unconstitutional.** The Biden Administration is using this ploy to empower the ATF to build a database of the estimated 10-40 million Americans who own pistol braces. We will erase that database.

PROTECT OUR CHILDREN: PUT ARMED MARSHALS IN EVERY SCHOOL IN AMERICA

We protect green pieces of paper in a bank with more armed guards than we do our kids in schools. **We spend \$80+ billion per year through the U.S. Dept of Education (DOE)** that helps fund radical gender and racial ideology that fuels a mental health epidemic, but don’t protect our kids in our schools from being killed by the consequences of that mental health epidemic. When I shut down the DOE, **I will distribute a portion of the savings to put armed marshals in every school to protect every kid in America** from these tragedies.
